Re: Comments for Public Hearing (7/29/21) on Proposed Changes  
to A.R.S. § 23-908(B) – Pharmacy Fee Schedule

Dear Members of the Industrial Commission of Arizona,

On behalf of the Arizona Troopers Association, we would like to express our opposition to the fee schedule change from AWP to NADAC. We believe this change would be detrimental to recipients of Arizona's Worker's Compensation system. The proposed change would limit access to quality prescriptions and inhibit choice for recipients.

The current proposal would reduce quality care for injured workers across Arizona and shift the burden of cost to injured workers. We strongly urge you to reject this proposal and consider other states success when choosing a more appropriate model for Arizona.

Thank you for your time and commitment to the state of Arizona and I look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffery Hawkins". The signature is fluid and cursive, with a large initial "J" and "H".

Jeffery Hawkins  
President  
Arizona State Troopers Association
